June 8, 1904

C. McPherson was out from Calgary Friday and drove out to the Knee Hill Coal mine on Saturday.

Over 500 head of young stock have been unloaded here during the past week.

Mr. Squires has shipped in six cars of young stock, 330 head, and has taken them to his ranch.

Mr. Talbot is surveying the road west to the Dog Pound and grading will be started immediately.

Mr. Sawatzky has been elected councillor, with 15 majority over his opponent, T.A. Hunter.

Wm. Stuart has sold a team of oxen to Mr. Stendahl.

Mr. Burns and family will move into the Neapolis district soon from the adjoining township.

PROVINCIAL PLAYERS STAGE GOOD SHOW HERE

The Provincial Players, a group of the University of Alberta students put on three very splendid one act plays in the Didsbury Theatre last Wednesday afternoon "The Boor", a brilliant comedy by the famous Russian, Anton Chekov; "To Meet the Chinooks," a comedy by Alan Fraser of Calgary and the third play, "Raising the Devil," by Robert E. Gard.

The players were greeted by a very appreciative audience; the plays were well done and the youthful members of the several casts acquitted themselves in a very able manner.

The primary purpose of presenting these plays is to promote the growth of dramatic interest in the province.

The Provincial Players are being well received wherever they have played and are most appreciative of the response of the public to their venture.

MAY START WORK ON WATER, SEWAGE SYSTEM THIS FALL

At the meeting of the Council of the Town of Didsbury held Monday evening, June 3rd, Mac Wood and George Gerlitz, representing the Canadian Legion, interviewed the council and requested that the property east of Payne-Freeman Co. be reserved for the building of a Memorial Hall. The request was granted.

A communication from Hadden and Miles, consulting engineers of Calgary who have been engaged to install water and sewage in Didsbury, stated that an endeavor would be made to make as early a start as possible in the construction of the system. Surveys and ordering of materials will be attempted immediately in the hope that actual work can be commenced this fall. In the meantime water wells are being tested to determine actual water supply.

George Pinder of Calgary advised Council that he would be in Didsbury shortly to complete a survey of lots for the town, and for any resident who desires his services.

Several applications were received from prospective home owners for building lots.

PLANE LANDS AT LEESON'S

Mr. Gordon Elves, manager of Kepler Aviation Ltd., Calgary, visited with his uncle, Mr. F. W. Leeson, last Thursday afternoon. He flew up in a Piper Cub plane, landing and taking off easily from the hay field.

Mrs. George Clarke has a Barred Rock hen that is out to establish a world record. Once a week, for the past month Mrs. Clarke has found extra large egg in its nest, but last week was the record breaker when the Barred Rock's egg measured 9 inches in circumference one way, and 7 1/4 inches the other. The egg weighed six ounces and would make a good meal for anyone—providing they could get the bacon to go with it.

C.G.I.T. GROUPS ENTERTAIN MOTHERS AT RALLY WED.

The two Didsbury C. G. I. T. Groups and their leaders, Miss Willison, Miss Innes and Miss Vickery entertained the mothers at a rally in the United Church Wednesday evening, May 29th.

Miss Irene Sinclair was mistress of ceremonies and the first item on the program was a sing song, followed by a piano solo by Pauline Bowman.

In the picture contest Mrs. Geo. Parsons was the winner. The crowd then gathered in the church basement where the same of "School" was played.

Mrs. D. Lamont won the "Cake" contest.

June Parsons addressed the "Mothers," and when she concluded the daughters presented their mothers with a carnation.

Betty Mortimer read a short story and the prayer was given by Lucille Collinge.

Lunch was then served, the table being decorated with pink streamers, geraniums and carnations.

On behalf of the mothers, Mrs. H.M. Bowman thanked the C.G.I.T. and the leaders for the splendid entertainment and the evening was concluded with "Taps."

DAIRY CALF CLUB MEETS AT CLIFF GIBBS' FARM

The regular meeting of the Didsbury Dairy Calf Club was held at the farm of Mr. Cliff Gibbs Saturday with 19 members and 10 visitors present.

Everyone met at Morris' and motored out to the Gibbs farm, arriving there about 12:30. After a lunch on the lawn of roasted weiners and buns and coffee, the members were ready to begin work.

A class of two year old Holsteins was judged first, reasons for placing given by Jimmie Clark and John Parker. Mr. Head of the Olds School of Agriculture, then gave the correct placing and the reasons for so doing.

The yearling class was then judged, and reasons for placing were given by Pat Gibbs and Jeanette Worrall. Mr. Head again gave the correct placing.

After judging, the business part of the meeting took place on the lawn. The minutes of the last meeting were read by Jeanette Worrall. The place and date was decided upon for the next meeting and it was also decided that the Olds, Bonanza and Didsbury clubs would meet at the Olds School of Agriculture June 29th at 10:00 a.m. Judging would be done in the morning and the various teams chosen would take part in the judging.

This was agreed upon and the judging fair day will be discontinued as it has been a practise in former years to pick the two with the highest score to represent the team.

Topics given out at the last meeting were discussed by Pat Gibbs, Walter Scheidt and Alice Bruce. After the meeting many of the members departed to see the beaver dam, and others, with the assistance of Pat Gibbs, decided to dig out a few small spruce trees to take back with them.

All the club members wish to thank Mr. and Mrs. Gibbs for their kind hospitality and their novelty noon time lunch.

The Home Economics Class of the Didsbury school, under direction of Miss E. Willison, displayed some of the work done by the girls, and served tea to the visitors last Friday afternoon.

M.D. MOUNTAIN VIEW MAKE PLANS FOR AG. SERVICE BOARD

Reeve A.L. Hogg, Deputy-Reeve B.C. Trimble and Councillors Chas. Fox, Geo. Haas, Herman Roedler, W.H. Metz and F.J. Nedrie, were all present at the regular meeting of the Municipal District of Mountain View No. 40 held in Didsbury on Monday June 3rd.

Two applications, for the establishing of a butcher shop, and another for a non's wear store, both at Cremona, were granted.

A communication from the Department of Health advised that the Acute Municipal Hospital District had been established and included Twp. 29, Rge 27, w4th of the Mountain View Municipality.

Seven Tax Consolidation Applications were approved and the same made in full. One Old Age Pension was also approved.

A communication from the Department of Public Works stated that a bridge would be built east of Carstairs, south of 13-30-29-4, as soon as material was available.

The Department advised that material had been delivered to replace culverts between 26 and 27-28-1; between 28 and 29-28-2; and south of 14-33-2.

By-Law No. 46 amending the business tax by-law, was read for the third time and adopted.

Council decided to establish an Agricultural Service Board. Under the Act, the duties of this board are to act as an advisory board with respect to organization and inspection of weed control, soil and water conservation, to assist in proper land utilization, and promote and develop an agricultural policy.

The board will consist of two council members, two ratepayers, and the District Agriculturist, Hugh McPhail.

The two councillors appointed to the board were Chas. Fox and B.C. Trimble. The ratepayer members of the board will be appointed at a later date.

The used prices were fixed on parcels of land offered at the tax sale to be held June 6th.

Wm. Habermehl was appointed rounkeeper in place of George Didsbury, who has resigned.

Accounts and pay sheets completed the business of the meeting.

MRS. GORDON ADAM DIES IN DRUMHELLER HOSPITAL

A resident of Didsbury and Olds from 1900 to 1918, and who has resided at Munson since, Mrs. Gordon Adam passed away at the Drumheller hospital on Wednesday, May 29th, following a long illness.

She was born at Marlette, Mich., 37 years ago, and was a school teacher at Rugby and Drumheller before going to Munson.

Immediate relatives are her husband Gordon Adam; one son, Ronald, recently returned from overseas; two brothers, Andrew and Alice Gibb, both of Munson; three sisters, Mrs. Mac Connach of Vancouver, Mrs. Lavers of Munson, and Mrs. Sinclair of Michichi.

Funeral services were held at Munson United Church with Rev. P. Munn officiating.

Mr. and Mrs. Jim Adam of Didsbury attended the funeral and returned Sunday.

TENDERS TO BE CALLED

Tenders will soon be called for the hard surfacing of a section of the Edmonton-Calgary highway from Crossfield to Olds, Public Works Minister W.A. Fallow has announced.

The minister also said that tenders were being received for construction of a new section of the Banff highway between Calgary and Cochrane and work would get started without delay.

WILF CARTER AND NEIGHBORS HELP THOSE IN DISTRESS

Ed Bagstrom of Cremona, who is in the Didsbury Hospital suffering from Rheumatic Fever, was unable to put his crop in this spring, but his neighbors were right on the job to help him out.

Wilf Carter, the noted singer, rounded up his neighbors last week and with six tractors on the job they put in the 90 acres of crop for Mr. Bagstrom in one day.

MRS. JACK ROBERTSON HAS WESTCOTT W.I. MEETING

The Westcott W.I. met at the home of Mrs. Jack Robertson on Thursday, May 30th, with 13 members and one visitor present.

The meeting opened in the usual manner and roll call was answered by naming a Canadian Industry.

After a short business session, Mrs. Alex Robertson was elected delegate to the conference to be held in Didsbury on June 13th.

Mrs. MacFarlane had the topic for the afternoon, "Agriculture." The subject of Mrs. Beaudiat's five minute educational talk was "Sugar."

A community song was sung by all. Mrs. W. Owens, as handicraft convener, handed out more material to each member. To be made into a scrap book.

The "bit of fun" was taken by Mrs. W. Owens.

In the cake contest, Mrs. Benson was first, with Mrs. W. Owens second.

The next meeting will be held on June 27th at the home of Mrs. Withusen, Ladies! Don't forget the photos of your husbands when they were young.

NOTES FROM THE WEST

Mrs. Anna Krebs and Mr. and Mrs. Stewart Johnston of Carstairs were dinner guests on Sunday at the home of Mrs. K. Konechuk.

Mr. and Mrs. S. Johnston and son Cameron left Monday for Hamilton, Ontario, where they will spend the summer.

A dance was held in the "Big Prairie Hall on Monday evening in honor of ex-sgt. Le Cameron Bracken and his war bride, who are making their home in that district.

Sgt. and Mrs. E. Lowrie recently spent a few days with their son-in-law and daughter, Mr. and Mrs. V. Schneidmiller.

Mr. and Mrs. C. Wilson visited with Mr. and Mrs. A.L. Hogg on Sunday.

Little Roger Hosenood had his tonsils removed at the Didsbury hospital on Saturday.

Correction—Dr. Paul will speak at the W.I. conference Thursday, June 13, from 1:40 till 2:00 o'clock, not after 2, as stated last week.

Miss Willison has kindly consented to judge the handicrafts, and Mrs. Marjorie Thylis has been asked to speak in place of Miss Anderson, home economist of Red Deer, who is unable to attend.

ENUMERATORS APPOINTED TO TAKE CENSUS

The census in western Canada will be taken this summer and the following enumerators have been appointed for the immediate district around Didsbury.

Tom Pearson, who has been allotted the territory comprising twp. 31, rge 1, w3th, and twp. 31, rges 28 and 29, w4th.

MILK PRICE UP TWO CENTS

The price of milk in Didsbury advanced on June 1st, from 9 cents to 11 cents a quart. The two cents rise is being brought into effect all over Canada.

For more than three years now the Federal government has paid this special consumer subsidy of two cents a quart on milk in an effort to hold down the cost of living.

The whole of the two cents went to the consumer, none of it going to the farmer or the milk dealer, and its elimination will not benefit either of them. In fact it may hurt them, as it will probably reduce the volume of milk consumed.

W.M.S. MEETS AT HOME OF MRS. N. CLARKE

The monthly meeting of the Knox United Women's Missionary Society met at the home of Mrs. N. Clarke on Monday evening, May 29. Ten ladies were present. Mrs. Harvey Bowman gave the topic, "The Christian Home." The hostess served a delicious lunch at the close of the meeting.

Equalization Of Education

THE NEED FOR THE EQUALIZATION of educational opportunities is frequently brought to the attention of the public and there are few who do not recognize the importance of this subject. There is no reason why children who live in the thinly populated parts of Canada should have fewer educational opportunities and advantages than those who are born in the cities. Yet it is true that for the most part there is a marked difference between the city schools and those situated in small rural communities. In critical times such as these in which we are living today, the need for leadership in all lines of endeavour has been clearly demonstrated. Canada will continue to need leadership and the services of citizens with training and ability in the years to come. Ability is not confined to one section of the country or of the population, yet there are not now equal facilities for education throughout the country.

Finances Are An Obstacle

The question of education was discussed recently in the Canadian House of Commons, and at that time it was pointed out that in this, as in many problems which we are now facing, financial difficulties are an obstacle to any early action towards a solution. Figures showing the present expenditure for each child between the ages of five and nineteen years were given, and these revealed that the highest per capita outlay for education is in the province of Ontario, where the rate is \$16.87 each year. The lowest expenditure for this purpose is in Prince Edward Island, where the rate is \$11.29. The figures for the Western provinces showed that in Manitoba the rate is \$15.37; in Saskatchewan \$12.55; in Alberta \$10.41 and in British Columbia \$10.61. The average for the whole of Canada is calculated to be \$12.00 per child.

Present Outlay Not Sufficient

The figures were compared to the recommendations of the Canada and Newfoundland Education Association, which suggested \$67.00 per child each year as the necessary expenditure to ensure a desirable standard of education in all parts of the country. This would mean a doubling of the present amount which is being spent for this purpose. There is also need for extensive capital expenditure for buildings, equipment and teacher training. Difficulties in the way of securing funds for such an educational programme would be many, and assistance from the Dominion government would not doubt be required. There are many urgent demands on public funds at the present time, but the responsibilities of citizenship in the years to come should be neither minimized nor overlooked.

Price Control And Rationing Information

Q—I do not live on a farm but have raised some livestock for my own use. May I obtain permission from the Wartime Prices and Trade Board to slaughter so that I will have my own meat?

A—A non-farmer householder who raises some livestock for his own use may now obtain permission to slaughter a maximum of two head of livestock per year. You should send your application to the nearest Local Ration Board.

Q—I am purchasing a business. Will I have to obtain a new Wartime Prices and Trade Board license or can I have the previous owner's license transferred?

A—Licenses issued by the Wartime Prices and Trade Board office are not transferable. You will have to write to your nearest Prices Board office and they will give you full information about the licensing of your business.

Q—I would like to know if an automobile is still controlled by the price ceiling regulations if it is sold at an auction sale?

A—All motor vehicles are subject to price ceiling regulations, no matter how they are sold.

Q—How many meat tokens may a butcher accept from a customer to cover the purchase of meat?

A—Your butcher may accept any number of meat tokens from his customers. Use tokens in preference to coupons and thereby keep the stream of tokens moving.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your ceiling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

Suggestion Is Made For Increase In Allowances

Suggestion that allowances paid Canada's diplomatic representatives abroad should be increased was advanced by Senator Thomas Venn (L.-Quebec), at a meeting of the Senate external affairs committee. Senator Venn said there was a feeling on the part of some members of Canadian missions that they were unable to meet the obligations of their position with the present allowances.

Norman Robertson, under-secretary of state for external affairs, who was before the committee as a witness, said he agreed they should be in a position to meet obligations. In some countries difficulties had been experienced in putting representatives in a position to meet rapidly increasing living costs.

CANADA-BUILT SHIPS

Inquiries For Them Received From All Over The World

Angus McGugan of Ottawa, manager of the Canadian Shipbuilding and Ship Repairing Association, said at Vancouver that inquiries had been received from all over the world for Canadian-built ships.

Mr. McGugan was in Vancouver to open the annual meeting of major Canadian shipbuilding yards. Mr. McGugan, whose organization includes the 17 major ship building and repairing yards in North America, prophesied five years of full ship building activity for Canadian yards.

Recognizing that Canadian shipbuilding costs are averaging 87½ cents per man hour compared with 10 cents in Sweden, Denmark and the United Kingdom, Mr. McGugan warned that Canadian shipbuilders will have to watch overhead if they are to compete with world shipbuilding interests.

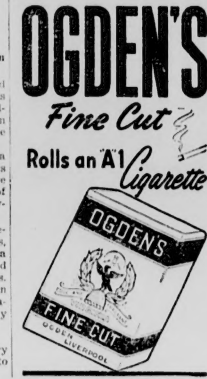

A South African trade mission will arrive in Victoria July 19 with the object of placing orders for three vessels, one 9,000-ton motorship of the passenger-freighter type; one intercontinental steamer of 4,000 tons, and one motorship of 3,000 tons.

China, which has already purchased several coastal vessels of 3,000 tons from Canadian firms, has a full coastal program of 74 coasters to be built outside the country due to economic conditions.

Turkey also has placed inquiries for ships in Canada, and the Turkish trade commission, already in New York, is expected to visit the Dominion shortly.

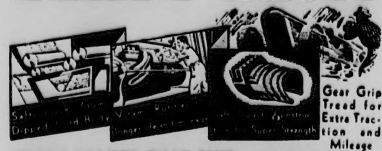

PERSISTENT ROBINS

When Chicago and Northwestern engine No. 1103 left Sioux City, Iowa, recently, a partially completed bird nest was anchored to the rocker box. Back in the roundhouse after a week of steady travel in western Iowa, engineers found the nest not only completed but containing a sky-blue egg. Trainers said the robins followed the engine daily and kept on with their work.

Little Guy In The Middle Bracket Pays And Pays

It is predicted that low incomes and excess profits may both escape taxation in the next fiscal year. But, says T. R. Richards, in the Toronto Telegram, the poor little guy in the middle will pay and pay. It's time somebody did something for the little guy in the middle. He isn't rich enough to get a special rate, but he isn't poor enough to share in the free services provided for the poor. He is too proud to beg, too honest to steal and usually has a heck of a time trying to make his income stretch over his outgo.

Now Landlady: "Oh, that's all right. I won't. I always insist on payment in advance."

"Well," said the insurance agent to the newly-wedded Angus, "now that you're married I'm sure you'll want to insure your life."

"Awa' w'ye," said Angus. She's no' that dangerous.

Jerry: "Yes, I thought all the world of her."

Molly: "Then why did you give her up?"

Jerry: "I could not support the whole world."

Famous Resort

Hollywood To Produce Film In Heart Of Canadian Rockies

Hollywood moves to Jasper National Park in Alberta, where Paramount sends a company and production crew totalling 100 persons to this famous resort in the heart of the Canadian Rockies—the largest National Park in the world—to film exterior for "The Emperor Waltz," a gay production with a background of Vienna and the Tyrol.

Bing Crosby and Joan Fontaine, who will star, head the cast at the Jasper Park location.

The Jasper region was selected by the studio because of its scenic beauty and will be filmed in technicolor for the picture. Paramount's experts considered Jasper National Park the only mountain and lake area on the continent to compare with the Tyrol in Alps, which is the locale of the sequences to be filmed.

Vocational Training

Power-Saw School Is Popular With B.C. Veterans

One of the most productive vocational training courses for veterans in B.C. is the power-saw operators school at Nanaimo, which since its creation last September has graduated 175 fully-trained men now working in logging camps throughout the province.

Sponsored by the B.C. Loggers' Association, the CVT-operated school accommodates 20 veterans in each eight-week course. Only veterans with the physical build to stand up to the heavy work are accepted.

The course is divided into three parts, the first portion consisting of lectures in the maintenance and overhaul of the two-cycle gasoline engine which powers the saw, sharpening and setting of the saw itself, first aid and safety measures.

The students are then taken to the proving ground, where they learn to fell trees under instruction. The last three weeks of the course are spent in the bush, working on the job although still under supervision.

Artist Found Painting Portrait Of Queen Elizabeth Quite Easy

James Gunn, whose portrait of Queen Elizabeth holds place of honor in the Royal Academy's exhibition at London, said today the Queen was an "amiable model."

She went to his studio-home about a dozen times, sitting an hour and a quarter each time.

"It is very important in painting portraits to get people to talk," he said. "When people are silent they are not like themselves. The Queen was an easy conversationalist and talked most of the time."

FORTY-FIRST ANNUAL EXHIBITION

The Forty-First Annual Exhibition of the Didsbury Agricultural Society will be held this year on Wednesday, July 17th, and the prize list is now in preparation.

800 in prize money is being offered this year and the prizes in the livestock classes have all been raised, in an endeavor to have as many entries as possible.

The prize money, however, should not altogether be the main inducement for farmers and breeders to enter their stock in competition with others. Entries should be made with the idea of boosting the district and to show what the Didsbury farmers are doing for agriculture in general. With this in mind every farmer and stockman who has good animals should make it a point to enter them in the Didsbury Exhibition for all to see and admire. In this way the Fair is bound to be a success, and success of an exhibition can only be judged on the number of entries and class of exhibits, which should not only include livestock, but all other exhibits in general.

PUT IN WINTER COAL SUPPLY NOW

With strikes in the eastern States, and prospects of strikes in western Canada in the coal industry this winter residents in this part of Alberta would be well advised to put in their winter's coal supply without delay.

Prospects for coal next winter are far from bright and supplies at the present time are none too good. However, by placing your order now for future delivery, there is a possibility that delivery of coal can be made before the summer is out.

A NECESSARY INSTITUTION

Did you ever stop to think about the importance of the motion picture theatre? The motion picture theatre provides a place of amusement for the boys and the girls that cannot be duplicated. Think what would happen if the theatres in your locality were closed. What would the young and old people do with their idle time? At the motion picture theatre young people see pictures that stress the moral value of life. Take away the motion pictures and young people would be forced to devise new forms of amusement. Would they be as safe as motion picture amusement?—Showman's Trade Review.

WEDDINGS

FROM-SHANTZ

The Church of the Nazarene, Calgary was the scene of a pretty wedding Saturday, May 25, at 7 p.m. when Marie Evelyn, daughter of Mr. and Mrs. Mel Shantz, Didsbury, was united in marriage to Mr. Elc V. From, son of Mrs. A. From and the late Mr. From of Badley, Sask. Rev. Edward Lawler performed the ceremony.

Given in marriage by her father the bride was gown in white satin, featuring insets of lace in bodice and skirt, long lily-pointed sleeves, sweetheart neckline and tiny buttons down the back. Her floor length veil held in place by a heart-shaped halo and she carried red roses.

She was attended by Mrs. E. From as matron-of-honor, who was gown in pink sheer with veil and tulle. She carried pink carnations. Mr. Evert From, brother of the groom, was crossman and the guests were ushered by Mr. Albert Seward and Mr. Maurice Humble, both of Calgary.

Miss Marjorie Burns, played the wedding music and accompanied Miss Beth Muckle of Calgary, who sang, "O Perfect Love," during the singing of the register.

Following the ceremony, a reception was held at the York Hotel for 40 guests. Receiving was the bride's mother, who wore navy blue sheer with hat to match and a corsage of American Beauty roses and Mrs. A. Anderson, sister of the groom, who wore powder blue sheer with a corsage of pink carnations. The bride's table was centered with a three-tiered wedding cake flanked by tall yellow tapers and spring flowers.

Later the couple left by motor for a wedding trip to Saskatchewan, the bride donning a gold dressmaker suit with brown accessories. On their return they will make their home at Didsbury.

FOOTE-ABERCROMBIE

At high noon on Saturday in Parkdale United Church the marriage took place of Margaret Lillian (Peggy), only daughter of Mr. and Mrs. James D. Abercrombie, and James Delmar, elder son of Mr. and Mrs. Alexander Foote of Didsbury, Alberta.

Rev. Dr. Norman Coll officiated, and the bride, who was given in marriage by her father, chose a gown of white satin with lace and net inserts. Her fingertip veil was held in place with clusters of tiny velvet calla lilies and she carried a cascade bouquet of pink roses and white sweet peas.

Attending the bride were Miss Cynthia Magee as maid-of-honor and Miss Lois Atkinson of New York as bridesmaid. Mr. Tom Plant of Essex, was the best man and the ushers were Mr. Ian Abercrombie and J.H. Maher. Mrs. J.W. Gilchrist sang during the double ring ceremony and the wedding music was played by Mr. Clifford E. Tompler.

The reception was held in the Quebec Suite of the Chateau Laurier, after which the couple left on a motor trip to St. Joy. For travelling the bride wore a tailored tulle and tulle suit and a matching straw bonnet. Her top coat was a brown three-quarter length model and her corsage bouquet was of Talsman roses. Mr. and Mrs. Foote will reside in Ottawa.

Besides the groom's mother who attended the wedding from Didsbury, Alta., out-of-town guests included Mrs. E. Cook of Boston and Mrs. J. Dumcill of Shawbridge.

OBITUARY

Joseph Steckly, one-time farmer of the Didsbury district, died in a Calgary hospital on May 15th at the age of 70 years.

Born in Zurich, Ontario, July 1, 1866, he moved with his parents to Illinois at an early age and was married on October 14, 1888 to Magdalena Zimmermann, who predeceased him on October 19, 1921. To this union were born five sons and three daughters.

Surviving are Mrs. Lydia Eicker of Millard, Nebraska; Mrs. Ida Shantz, Didsbury; Viola of San Francisco, California; Joseph of Preston, Ontario. Also Harry of Calgary, Alvin of Carstairs and Floyd of Beaver Crossing, Nebraska.

In September 1922 he was married to Mrs. Effie Bradford, who predeceased him in March, 1940.

Mr. Steckly came to the Didsbury district in 1912 where he resided until 1940, when he made his home with his son Alvin, of Carstairs, and later with his daughter, Mrs. Sam Shantz, of Didsbury. In 1943 he moved to Calgary to reside with his son, Harry.

Funeral services were held from Gooder Bros. Funeral Home in Calgary at 10:30 a.m. on May 20, and at 2:00 p.m. at West Zion Memorial church near Waterloo.

Burial was made in the cemetery near the church.

THE PEACE "JEEP"

A new conception of automotive performance

For some time after peace comes, the world will continue to look to the Canadian and American farmers for food. You will be asked to produce more record-breaking crops. You will be called upon for more car, bus, truck, and tractor, etc. To feed the war-starved people of Europe as well as our own people. You will want to do your work with less physical strain than was necessary during war time. You'll want to do it more easily and better and in fewer working hours. You'll want more time for rest and pleasure. To do this you'll need the newest and best in power equipment, at a cost you can afford. And that means one thing today—the UNIVERSAL PEACE "JEEP" from Willys-Overland.

The Universal Jeep is a 4-in-1 motor vehicle which will carry record-breaking Jeep performance in to many peace jobs. It has been designed by Willys engineers to meet the needs of farmers, industries, businesses and individuals in the busy post-war era; to save time and make money—everywhere in the world.

The Universal Jeep is the famous Military Jeep in all basic features. It looks and drives like the military Jeep. It has the world-tested Willys Jeep engine, proved in billions of miles of Jeep war service. It has four-wheel drive. It has Jeep dependability and Jeep versatility.

If you have a modest acreage this versatile Jeep will make yours a mechanized farm. How? By doing the work of four motorized units required for efficient farming.

The uses of the peace Jeep are universal. It is super versatile. It is like four modern machines in one. First, it is a light tractor and will do the things any light tractor will do. It is also a good light truck. It is a light utility motor car when you need a car. Finally, it's a mobile power unit which will operate a wide range of power devices by means of a special rear-end power-takeoff.

While it is doing tractor jobs one man easily operates both the Jeep and the implement. As a matter of fact, the universal "Jeep" handles like a motor car.

It turns on a very short radius, rides on a comfortable level even when plowing and it does everything easier, faster and at a very low cost.

When you buy the universal Jeep you pay for only one vehicle, not four. This is a very important saving in cash and outlay. You have only one vehicle to service—only one tank to gas—only one set of tires to care for. You save money from the very start.

The universal Jeep works efficiently in soft fields and also on hard roads. It will drag two twelve-inch plows an hour after hour at the speed of a light tractor. Or it will skim over the paved highway, fully loaded, at 50 to 60 miles per hour. (No motorized unit of any kind has ever offered this amazing range of performance and utility to the farmers of the world.)

If you own a large acreage requiring heavy tractors, trucks, or a motor car etc. you'll still find it profitable to use one or more Universal Jeeps. You'll find them handy vehicles for chores, power jobs, general farm maintenance, road work, and to take your milk, cream and eggs and cattle to town through the mud.

We suggest that you arrange now to get one of the first Universal Jeeps. Equip yourself to enjoy the many advantages and economies of Jeep farming at the earliest possible moment.

The Only Remedy for Hunger Is FOOD!

The most efficient way in which we can send increased bulk shipments of WHEAT, MEAT, CHEESE and EGGS to needy countries is through the Canadian government food Boards. These increased bulk shipments can only be made providing we reduce our own consumption. Here are five important ways by which we can make greater quantities of food available for export:

- 1) BUY AND USE LESS BREAD, FLOUR AND OTHER WHEAT PRODUCTS, MEAT, CHEESE AND EGGS. SUBSTITUTE VEGETABLES, FRUIT AND FISH WHERE POSSIBLE.
- 2) KEEP YOUR HOME STOCKS LOW — BUY ONLY ENOUGH FOR IMMEDIATE REQUIREMENTS.
- 3) AVOID ALL WASTE.
- 4) GROW A VICTORY GARDEN AGAIN THIS YEAR. PLANT MORE THIS YEAR IF YOU CAN.
- 5) DONATE ANY MEAT COUPONS YOU CAN SPARE. ENQUIRE AT YOUR LOCAL RATION BOARD.

Share with the hungry!

A Record in Farm Loans

for Farm Equipment

to Brush, Break and Clear Land

for Building and Repairs

for Farm Electrification

ONE OF OUR BRANCHES recently broke all records by making more loans under the Farm Improvement Loans Act than any other branch of any bank in Canada.

In ten months this single branch of the Royal Bank made 140 such loans to farmers scattered over an area of 3,200 square miles of country.

Over 55% were made to borrowers with total assets of less than \$5,000.

These loans were made for a wide variety of purposes—to brush, clear and break land—to purchase farm implements, to build dams and dugouts, to construct, add to and remodel buildings.

Would a Loan Help You?

If you could use a loan profitably to improve or expand your farming operations, or to make living more attractive on the farm, ask for a copy of our booklet "Farm Improvement Loans" at your nearest branch. It explains in detail the many attractive features of the Farm Improvement Loans Act, the many purposes for which such loans can be used and the easy methods of repayment. In addition, ordinary farm loans are, of course, still available at our branch.

BURNSIDE NEWS NOTES

We are sorry to learn that Mr. Bert Pross, an old timer in the district and now residing in the town of Didsbury, is a patient in the hospital there, suffering from an infected leg. Hurry up and get well, Bert.

Mr. and Mrs. Art Grange (nee Marjorie Pross) are the proud parents of a baby girl, born at the Didsbury hospital last week. Congratulations.

Miss Florence Cullen (late Burnside school teacher) was visiting in the district on Sunday.

A bunch of willing helpers gathered at the home of Harold Davidson to help fix his fences. Harold is still very much under the weather and unable to do this kind of work.

Capt. Page, Mike and Little Mary, were callers at the Mardon farm on Sunday.

Mr. and Mrs. Walter Fulkert left Sunday by car for Montana. They expect to be gone for two or three weeks. They were accompanied by Mrs. Fike, who resides in that State.

A shower was held on Wednesday at the home of Mrs. Brander for the bride-elect, Miss Una Jenkins, whose marriage to Mr. T. Noble takes place on Wednesday, June 19th, at Calgary.

Miss Vera Nielson spent the week end at the home of her fiancée, Vera, who was wearing a solitaire on her third finger when I last saw her.

Broadcast or no broadcast, the sure sign of rain appeared on Saturday when the road grading machine patrolled the roads out in this district.

BERGEN NEWS NOTES

Ned Fuller and family have had nearly a week's camping on the Gamble ranch.

Miss Pearl Johnson of McGee, Saskatchewan, has been visiting her relatives the Lyles and William Gamble.

The school children went to Sundre on May 24th, to take all the running prizes, but the people had gone to Olds and there was no sports day in the town.

We were the recipients of a million dollar rain on Tuesday.

Mel Esrick and family have returned from Ontario where they have been visiting for a few weeks.

There is a rumor that we are to have a graded road from Zella to the Ben Lutkehaus' corner.

Jack Waterhouse set out a fire and a whirl wind came up and set his house on fire.

Rev. Dave Bloomfield and Edwin Clarke made a trip to Calgary on Saturday.

NOTES FROM THE EAST

Gore School played a game of baseball with the Jutland school on Friday, but it was Jutland who returned the compliment of winning on their own ground.

Mr. and Mrs. Harold Shells and son, also Ralph Gidden, left for Lardiere for a week's visit with Mrs. Shells' parents.

Mr. C.F. Dooley and Mrs. Ida Wittingham, teacher from Henderson's, also Mr. and Mrs. H. De Wolfe of Swift's, all of Calgary, spent Sunday visiting at the home of Mr. and Mrs. Billy Cullen.

A very successful program and auction sale was held at the Burnside school on Friday evening, May 31, for the Junior Red Cross. The pupils and parents of Burnside district, as well as many outsiders, generously supported the worthy cause and the sum of \$139.85 was realized, the net proceeds being \$119.08.

People were encouraged to bid by our able auctioneer Fred Metz. A fish pond was greatly enjoyed by the children of all ages, while the grown-ups were guessing the weight of a cake, which was won by and divided amongst Mrs. E. M. Patterson, Pat Spraggs and Charles Lachman. Misses Barbara Sutton, Claire Woods, Florence Cullen, Dorothy Davis and Mrs. S. Brander assisted with various duties. A delicious lunch was served by the ladies of the district and an enjoyable evening was had by all.

The teacher and pupils of Burnside school wish to thank all those who helped us in making the sale such a great success.

Misses Barbara Sutton, Olds, Florence Cullen and Dorothy Davis are Carstairs, and Claire Weed were week end guests of Mrs. Dowell, Evelyn and Miss Steeves.

WESTERDALE NOTES

A good crowd of baseball enthusiasts attended the first Western League baseball game held at Westerdale on June 2, when Harnattan and Westerdale played a closely contested game. Westerdale took the lead in the first inning with one run, then in the third inning Harnattan scored four runs and Westerdale one. Westerdale tied the game by scoring two runs in the sixth and one in the seventh. Both teams scored one run in the ninth. With the score standing at five all, it was decided to play extra innings. In the tenth inning Harnattan made the winning tally. Ralph Jackson pitched nine innings for Westerdale, and was replaced in the tenth by Homer Rowell.

Another league baseball game will be played on June 12, when Westerdale meet the combined Eagle Hill-Waterdale team at Westerdale.

The Westerdale Young People's Club are having a dance in the Westerdale Hall, June 7th.

Mr. and Mrs. W. Herbert attended the Lacombe Bull sale last Thursday, where Mr. Herbert purchased an Angus bull.

We are pleased to report that Mrs. Frank Herbert, who was taken to a Calgary hospital Sunday last, seriously ill, is much improved and expects to be home again soon.

LICENSES STILL REQUIRED

Warline Prices and Trade Board licenses are still required by persons entering into business, and licenses issued are not transferable to new owners. Licensing officials have pointed out many new owners of businesses are failing to meet the requirements of the Licensing Order of the Board.

All persons operating a business

not exempt under the provisions of the Licensing Order are required to hold a W.P.T.B. license. New owners who are taking over or have taken over businesses formerly operated under a Board license should make application for a new license, and return the previous owner's license documents. Full information covering the regulations of the Board should be obtained, and applications should be made to the nearest Board Office.

JUNE IS CENSUS MONTH IN WESTERN CANADA

EVERY FIVE YEARS the Dominion Government assembles facts about Western Canada — facts which, when they are sorted out, will answer many vitally important questions concerning population, agriculture, housing, etc.

To get these facts the Dominion Bureau of Statistics goes to the people themselves. No one else can supply so accurately the information which will guide all governments — Dominion, Provincial and Municipal — in policy-making during the critical years ahead.

This year is Census year, and June is Census month. A new and very important feature will be collection of facts on housing in cities and towns of over 5,000 population.

This 1946 Census is of special interest because it will provide the first reliable picture of Post-War Canada. It is the Reconstruction Census.

IT IS IMPORTANT TO YOU, AND YOU CAN HELP— by answering all questions frankly and correctly when the Official Enumerator calls at your home. There is no reason to withhold information; the enumerator is sworn to secrecy and you can place absolute trust in him. Both he and the Dominion Bureau of Statistics will hold all information in strictest confidence; it can never be used against you by any tax-collecting or other agency or in any court of law.

It is compulsory by law to answer the questions, but, more important, it is good citizenship to reply . . . frankly and accurately.

OUR COMPLETE SHORT STORY— JUST ANOTHER EVENING

By EULALIE WEEKS

Wheeler Newspaper Syndicate

"LISTEN, the more you do for people, the less thanks you get! In other words, my friend, if Connie has gotten herself into another mess and thinks little Miss Mary is going to come to the rescue, she's all wrong!"

"Don't be a nut, Mary! You'd have a good time. Connie says this chap is really keen."

"Then why don't Connie keep her date with him?"

"I told you! This other fellow that she says she's really in love with just got back. Bill and I will be there and the six of us could have a swell time."

"Not me. I'm tired of blind dates."

"Say, are you still carrying the torch for that soldier?"

Mary's heart always did a double-flip at the very thought of "that soldier." Nancy was reacting to two years before when Mary had met Mark Hemming at a party and danced with him practically the entire evening. Was it possible to fall head-over-heels in love with a person and have that person not respond at all? She thought Mark had been slating her and yet when it came time to part, his leave-taking had been casual not even with mention of writing. The next day he went overseas.

"Quit your day-dreaming!" Nancy interrupted. "Be a spot, Mary, and come along tonight."

"Do you know, the other men? What's Connie's beau like?"

"I have no idea. You'll come?"

Mary resigned herself to another evening.

As the girls watched the approach of three escorts, Mary's expression of unconcern changed to one of shocked incredulity. Introductions were just a blur until the words "Mark Hemming" started her heart racing madly. Automatically, Mary moved to meet Mark but she was blocked by Connie who, linking her arm in his, exclaimed:

"Let's go! Saturday night, and not a care in the world..."

So Mark Hemming was the man Connie had chosen as her own? Mary blushed at the awful blunder she had almost made and resolved to be lively and gay, regardless of how she felt. When she caught Mark staring, she was thankful she was able to smile back amiably. When the couples started to exchange dances, Mary managed to avoid dancing with Mark, concentrated all her attention on the chap called Jimmie. Dancing with Bill, she was amazed to see Connie and Jimmie waltzing with ill-concealed mutual pleasure. The flirt that Connie was! How could she be so heartless to Mark if she expected to win him? Nancy's suggestion that they freshen their "warpaint" came as a welcome relief to Mary, and, besides, the boys were beginning to argue the pros and cons of war-time engagements or marriages. They left the table just as Mark stated firmly, "No man had a right to involve another person before he went overseas."

No, thought Mary, you might have been warned up to me if you hadn't been smart...

As the girls applied lipstick, Connie said to Mary, "You didn't want to come, eh, Mary?" I must say you seem to be enjoying yourself! You're trying so hard to make a bit with Jimmie you must like him."

"Oh, he's alright."

"Well, I like that!"

"What's the difference whether I like Jimmie or not?"

"What's the difference? He just happens to be the man I intend to marry!"

Mary was stunned. "But you're with Mark!"

"Don't be silly! I paired off with Mark Hemming to make Jimmie jealous. I saw Mark only once before in my life—he's OK, but Jim's the boy for Connie!" Mary's heart was pounding. "How did Mark happen to come?"

"Don't you remember we met him at a party a couple of years ago? He called at the office—and remembered where I worked but couldn't find any of the other girls."

"He said that?" "Mary?" Nancy was practically shrieking. "Is he your secret passion? What a coincidence!"

What are you two talking about?" Connie demanded.

Nancy tried to explain.

Why didn't he say he wanted to find you?" Connie asked Mary. "He kept trying to say something about a brunette with blue eyes..."

Mary didn't want to hear more from Connie, but with a gleaming smile and sparkling eyes she made her way back to the table.

"I'd like to dance with you now, Mark Hemming..." This has been postponed long enough!"

In the shelter of Mark's arms, Mary felt that he knew that something wrong had been made right and that he, too, agreed there would be time for explanation later. 2673

Coal Output

Canadian Collieries Show An Increase In February

Canadian collieries produced 1,628,333 tons of coal in February, an increase of nine per cent over the 1,504,759 tons mined in February, 1945, the Dominion Bureau of Statistics reports. January output of 1,546,040 tons had shown a seven per cent gain over the like month of 1945.

February output included 1,067,191 tons of bituminous coal, 367,413 tons of sub-bituminous coal and 173,729 tons of lignite coal. Alberta produced 831,582 tons; Nova Scotia, 155,012 tons; British Columbia, 134,216 tons and New Brunswick, 23,294 tons.

Imports totalled 1,262,801 tons, compared with 775,770 in February, 1945, while exports amounted to 14,650 tons against 72,203.

Canada's Farm Lands

Some Interesting Figures Given By Agricultural Economics Official

Although Canada has a land area of 3,869,566 square miles, only about 549,000 square miles, or 14 per cent, are presently occupied as agricultural land or have agricultural potentialities in some sense. Roughly the half of that area is in farms. The other half includes large areas that can be brought under cultivation only if Canada experiences a marked increase in population or greatly expanded export markets.

The above figures and prospects for additional settlement were given recently by Dr. J. P. Booth, of the agricultural economics division, Dominion Department of Agriculture, at the Chicago conference on farm tenure. —Kitchen Record.

GARDEN

NOTES

Spread Out Sowings

Perhaps the two commonest mistakes of the average gardener, especially the one of limited experience, is planting far too much too soon and not planting enough in June and early July. During the first warm weeks of spring practically every human being has the urge to get out and dig. He rushes to the nearest seed store, gets supplies and is liable to put in a whole lot of things which should never be planted until the soil and air warm up permanently.

When this course has been followed there are usually heavy losses, losses mainly of wasted labor. Some things like peas, grass seed and a few of the other harder flowers and vegetables don't mind quite a lot of cold and wet, but with the great majority of plants this is not the case. Many vegetables especially must be grown quickly if they are to be tender and crisp, and there is nothing to be gained by rushing the season.

This too-early planting, also, has another disadvantage. Usually all seed or space is used up too soon and even if weather is favorable the result is too many vegetables ready for the table in July, not nearly enough coming along in August and September. The experienced gardener never makes that mistake. He will always divide his seed into at least three parts, sowing the first a little ahead of the regular planting time, putting in the second about the normal time and having the last sown at least two to three weeks after that. With a bit of luck this will give him a continuous supply of the very freshest vegetables right through the season.

Cultivation Important

Cultivation in June will kill weeds which might become really troublesome in July, and if we'll break up soil which would break hard and be impossible to work after the sun really turns warm. If the lawn is kept regularly mown in June, at least once a week in the moist parts of Canada, then we will really have something worth taking the neighbors out to see later on. The old warning of a slitch in time saving nine really holds good for gardening too and especially so with such jobs as weeding, cultivating and thinning and, last but not least, for protective steps against disease or pests.

It will, say the professionals, to have some ready prepared dust or spray materials handy. These should be used at the first sign of damage. Indeed with some things like potatoes regular dusting or spraying in advance of the bugs is strongly recommended.

A Great Chance

Immigrants From Europe Could Do Much With Vacant Farms

One of the most pathetic sights in Manitoba is the abandoned farm. We have many of them, monuments to something. Saskatchewan has more and there are others in Alberta. Something must be wrong somewhere on this problem. Maybe the provincial governments overlook the reason, or, like the people, do not know the why of the desolate farms, loaded with growth and weeds, empty barns and dwellings. Even Ontario supposedly a banner province, acknowledges eight thousand vacant farms. It would be a great revelation to all Canadians today if Norwegians, Belgians or Danes were permitted to enter this Dominion and to take over the vacant farms. And what they would do with them would be a better lesson in agriculture than any college could give to young workers of the soil.—Brandon Sun.

JUST IN ONE WAY

The average person takes two or three quarts of food and drink in through his mouth every day. But in the same time he takes into his lungs 10,000 to 12,000 quarts of whatever atmosphere happens to be around him.

DRINK POSTUM

INSTEAD

But if someone says "Drink Postum instead," that really rings a bell!

Yes—Postum is a grand way to stop drinking tea and coffee if the caffeine in those beverages upsets your nerves, keeps you awake.

You can drink Postum any hour of the day or night—enjoy as much as you like, as strong as you like—and not miss a wink of sleep. Postum contains no caffeine, nor any other drug—can't affect heart or nerves or digestion.

Make Postum right in the cup, just by adding boiling water or hot milk. Costs less than 1¢ a serving.

SELECTED RECIPES

When Spring fever strikes and the appetite goes into a slump, a new dish is better than a tonic to revive it. An exciting desert containing Spring-like ingredients will perk up jaded food interest at the first mouthful. Rhubarb, lovely to look at, is a gourmet's delight when served as sauce or incorporated in one of the many desert dishes that are typical of spring. Here is rhubarb in a pudding that will be just your dish.

Rhubarb Crisp

½ cup butter
½ cup sugar
2 eggs
½ teaspoon nutmeg
½ teaspoon vanilla
1½ cups small toasted bread cubes
2 cups corn flakes
4 cups diced fresh rhubarb
½ cup sugar

Blend butter and ½ cup sugar thoroughly; add eggs and beat well. Stir in nutmeg, flaxseed, bread cubes and corn flakes. Place half of mixture in buttered baking dish, arrange rhubarb evenly over top and sprinkle with ½ cup sugar; cover with remaining creamed mixture. Bake in a moderate oven (375 deg. F.) about 35 minutes or until rhubarb is done. Yield: 8 servings (8½-inch casserole).
